Thank you for participating in Clean Ocean Action's (COA) Beach Sweeps and completing this data card. **Data collection** is the most important task and turns your dedication and volunteerism into a legacy of information we use to reduce litter and marine debris. The data from this card is collected and analyzed to identify pollution trends in the waters off New Jersey's coast. The final results from Beach Sweeps are incorporated into an Annual Report used to educate citizens and lawmakers about nonpoint source pollution. The Fall data is also forwarded to Ocean Conservancy, who maintains an international database for tracking trends of marine debris in the world's oceans. For information on how to help raise funds, reduce pollution, and check out COA's Annual Beach Sweep Reports <u>visit www.CleanOceanAction.</u>org.

Consent: As a participant in the Clean Ocean Action Beach Sweeps, I/we understand that I/we participate at our own risk and that there may be photos and/or video taken that may be used by Clean Ocean Action.

Cleanup Site Information
Type of cleanup: Bay Shoreline/Beach Lake, Stream or River Underwater/Water

MOST UNUSUAL ITEMS: What are the most unusual items you found?
Made et ve et a l'annual de lite most unusual nems you round.
COMMENTS/OBSERVATIONS about the cleanup: (including entangled animals)

Black Bags are for Garbage

Tips for a Succussful Sweep:

- ✓ Be careful with sharp objects
- ✓ Wear gloves
- ✓ Stay off dunes
- \checkmark Respect wildlife
- ◆ Do not lift heavy objects
- ✓ Wear sunscreen
- ✓ Have Fun!

White Bags are for Recycables
