Red White Blue & Green!

Today is Election Day in the United States!
No matter where you are or how you choose to vote remember to keep the big blue in mind! Your vote counts for this generation as well as the next. Become educated on issues concerning local watersheds in your area and what candidates are proposing to do to fix the problems. To see where you can vote click here.

Make your vote count!

Get Ready for America Recycles Day
To celebrate America Recycles Day on November 15, Clean Ocean Action has partnered with Bayshore Recycling to bring you a month of tips that inspire plastic recycling. Throughout November we will be collecting up-cycling ideas from our supporters - creative ideas and ways to utilize plastic around your home, office, classroom etc. An example of this would be to up-cycle milk jugs as luminaries for decorations.

Tip from Bayshore Recycling
Did you know that there are 7 different kinds of plastics in the products we purchase and use on a daily basis? You can flip over any piece of plastic and you will see a number (1 - 7) within the triangle of recycling arrows, to signify that there is no end to the life-cycle of plastics. #1 (water bottles) and #2 (plastic milk jugs) are always recyclable - check with your town and county to see what other plastics are accepted for recycling!

Go Plastics-Free and end your plastic habits today!
1) Click here to sign our pledge
2) Tell us how you're doing and share your ideas
3) Encourage others to take the pledge
4) Spread the word via Social Media
Have an idea for a tip?!?
